

# eVol<sup>®</sup> - Kit

## Contents of eVol<sup>®</sup> Kit (Part No: 2910000)

Initially eVol<sup>®</sup> will be supplied in a kit which includes the following components:

- eVol<sup>®</sup> Digital Drive
- 5uL eVol Syringe<sup>\*1</sup>
- 50uL eVol Syringe<sup>\*1</sup>
- 500uL eVol Syringe<sup>\*1</sup>
- eVol Stand<sup>\*2</sup>
- Printed multi-language Quick-Start guide
- Printed multi-language User-Manual
- Multi-country charger with plug adapters
- Information CD containing
  - multi-language User-Manual in PDF format
  - calibration worksheets
  - links to eVol<sup>®</sup> downloads and support pages on SGE Web
- Congratulations certificate
- Special cable for loading firmware upgrades and methods into the eVol<sup>\*3</sup>

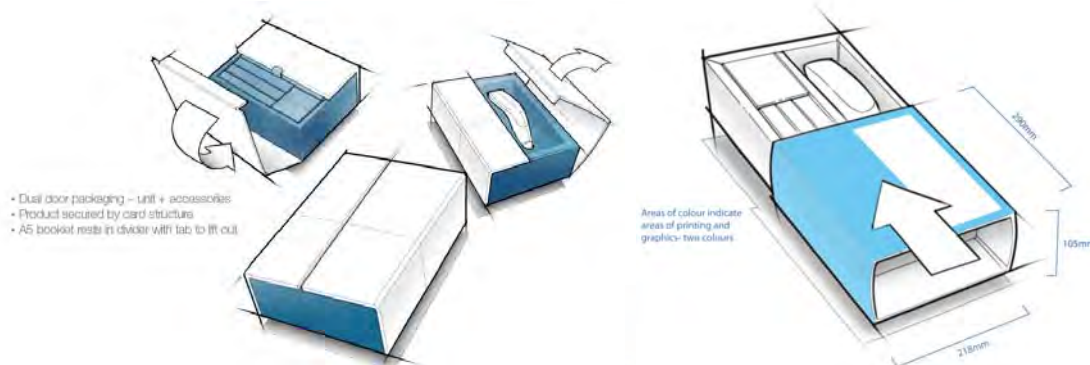

<sup>\*1</sup> eVol<sup>®</sup> is enabled by XCHANGE<sup>®</sup> which allows the XCHANGE syringes used for eVol<sup>®</sup> to be quickly and easily changed when required.

<sup>\*2</sup> This stand allows the eVol<sup>®</sup> and the three XCHANGE<sup>®</sup> syringes supplied in the kit to be conveniently stored on the bench. Charging stands are also available from SGE and can be purchased separately.

<sup>\*3</sup> This cable will be included in the kit if we are able to get the cost down otherwise it will be available as an option and can be purchased separately.

## eVol<sup>®</sup> Packaging concepts:
